

MULTIBEL DISTRIBUTION INC.

SAFETY DATA SHEET (SDS)

Product: Inser | Revision: 04/2025

1. IDENTIFICATION

Product identifier: Inser

Other means of identification: None indicated

Recommended use: Patient lubricant; classified as a medical device in the source SDS.

Restrictions on use: None indicated in the source SDS.

Supplier: Multibel Distribution Inc.

Canadian address: 2351 Guenette St., St-Laurent, QC, H4R 2E9

Telephone: 514-990-9819

Emergency telephone number: Not available

2. HAZARD IDENTIFICATION

Classification: The source SDS reports no physical hazards and no health hazards.

Label elements: No pictogram, signal word, hazard statement or precautionary statement is provided in the source SDS.

Other hazards: None reported in the source SDS.

3. COMPOSITION / INFORMATION ON INGREDIENTS

Composition: Specific ingredient identification is withheld as a trade secret in the source SDS.

Hazardous components: No hazardous components are identified in the source SDS.

CAS numbers / concentrations: Not disclosed in the source SDS.

4. FIRST-AID MEASURES

Inhalation: No adverse effects reported; vapours are unlikely due to physical properties.

Ingestion: No adverse effects reported.

Eye contact: No adverse effects reported.

Skin contact: No adverse effects reported.

Most important symptoms and effects: None reported in the source SDS.

Immediate medical attention / special treatment: None indicated in the source SDS.

5. FIRE-FIGHTING MEASURES

Suitable / unsuitable extinguishing media: Information not provided in the source SDS.

Specific hazards: No special hazards reported.

Special protective equipment and precautions for firefighters: No special procedures indicated in the source SDS.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions / protective equipment: No special precautions indicated in the source SDS.

Methods for containment and cleaning up: Mop or wipe up the product and place it in an appropriate container for disposal.

Disposal: Dispose of contaminated product and materials used for cleanup in accordance with applicable local, provincial and federal regulations.

7. HANDLING AND STORAGE

Handling: No special procedures.

Storage: Store in a cool, dry place away from incompatible materials.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Control parameters: No occupational exposure limits are indicated in the source SDS.

Engineering controls: Normal room ventilation.

Respiratory protection: None required according to the source SDS.

Eye protection: None required according to the source SDS.

Skin / clothing protection: No protective clothing required according to the source SDS.

Other protective equipment: None required according to the source SDS.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state: Smooth gel

Colour: Clear and colourless

Odour: Pleasant

Odour threshold: Not available

pH: Not available

Melting / freezing point: N/A in the source SDS

Boiling point: Approx. 250 °C

Flammability: Not available

Flammable / explosive limits: N/A in the source SDS

Flash point: N/A in the source SDS

Vapour pressure: Not established

Vapour density (air = 1): Not established

Relative density: 1.015

Solubility in water: N/A in the source SDS

Other required properties: Information not available in the source SDS.

10. STABILITY AND REACTIVITY

Reactivity: No reactivity concerns reported.

Chemical stability: Stable.

Possibility of hazardous reactions: Hazardous polymerization will not occur.

Conditions to avoid: None known.

Incompatible materials: None known.

Hazardous decomposition products: None known.

NFPA rating: Health (0) – Fire (0) – Reactivity (0)

HMIS rating: Health (0) – Fire (0) – Reactivity (0)

11. TOXICOLOGICAL INFORMATION

Routes of exposure / effects: No adverse effects reported for ingestion, eye contact or skin contact; vapours are unlikely.

Acute and chronic toxicity: No data reported in the source SDS.

Numerical measures of toxicity: Not available.

12. ECOLOGICAL INFORMATION

No data reported in the source SDS.

13. DISPOSAL CONSIDERATIONS

Dispose of the product and contaminated materials in accordance with applicable local, provincial and federal regulations.

14. TRANSPORT INFORMATION

No transport data reported in the source SDS.

15. REGULATORY INFORMATION

No specific Canadian regulatory data are provided in the source SDS.

16. OTHER INFORMATION

Date of latest revision: 04/2025
