

MULTIBEL DISTRIBUTION INC. SAFETY DATA SHEET (SDS)

Product: Vapo | Revision: 04/2025

1. IDENTIFICATION

Product identifier: Vapo

Other means of identification: VapoPro

Recommended use: Earmold cleaner.

Restrictions on use: None indicated in the source SDS.

Supplier: Multibel Distribution Inc.

Canadian address: 2351 rue Guénette, St-Laurent, QC, H4R 2E9

Telephone: 514-990-9819

Emergency telephone number: Not available

2. HAZARD IDENTIFICATION

Classification: The source SDS indicates that no physical or health hazards are reported.

Label elements: No pictogram, signal word, hazard statement or precautionary statement is provided in the source SDS.

Other hazards: None reported in the source SDS.

3. COMPOSITION / INFORMATION ON INGREDIENTS

Composition: Specific ingredient identification is withheld as a trade secret in the source SDS.

Hazardous components: No hazardous components are indicated in the source SDS.

CAS numbers / concentrations: Not disclosed in the source SDS.

4. FIRST-AID MEASURES

Inhalation: No adverse effects reported; vapour exposure is unlikely due to the physical properties.

Ingestion: No adverse effects reported.

Eye contact: Flush eyes with water for 15 minutes. Contact a physician if irritation persists.

Skin contact: No adverse effects reported.

Most important symptoms and effects: None reported in the source SDS.

Immediate medical attention / special treatment: None indicated in the source SDS.

5. FIRE-FIGHTING MEASURES

Suitable / unsuitable extinguishing media: Information not provided in the source SDS.

Specific hazards: No particular hazards reported.

Protective equipment and precautions for firefighters: No special procedures indicated in the source SDS.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions / protective equipment: No special precautions indicated in the source SDS.

Methods for containment and clean-up: Mop or wipe up the product and place it in an appropriate container for disposal.

Disposal: Dispose of contaminated product and clean-up materials in accordance with applicable local, provincial and federal regulations.

7. HANDLING AND STORAGE

Handling: No special procedures.

Storage: Store in a cool, dry place away from incompatible materials.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Control parameters: No occupational exposure limits are indicated in the source SDS.

Engineering controls: No special ventilation required under normal use according to the source SDS.

Respiratory protection: None required according to the source SDS.

Eye protection: None required according to the source SDS.

Skin / body protection: No protective clothing required according to the source SDS.

Other protective equipment: None required according to the source SDS.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state: Liquid

Colour: Clear and colourless

Odour: Slight soap odour

Odour threshold: Information not available

pH: Information not available

Melting / freezing point: N/A in the source SDS

Boiling point: Approximately 100 °C

Flammability: No flammability hazard reported in the source SDS

Flammability / explosive limits: N/A in the source SDS

Flash point: N/A in the source SDS

Vapour pressure: Approximately equal to water

Vapour density (air = 1): Approximately equal to water

Relative density: Approximately equal to water

Solubility in water: Soluble

Other required properties: Information not available in the source SDS.

10. STABILITY AND REACTIVITY

Reactivity: No reactivity problems reported.

Chemical stability: No stability problems reported in the source SDS.

Possibility of hazardous reactions: None reported.

Conditions to avoid: None indicated in the source SDS.

Incompatible materials: Information not available.

Hazardous decomposition products: Information not available.

NFPA rating: Health (0) – Fire (0) – Reactivity (0)

HMIS rating: Health (0) – Fire (0) – Reactivity (0)

11. TOXICOLOGICAL INFORMATION

Likely routes of exposure / effects: No adverse effects reported for ingestion, eye or skin contact; vapour exposure is unlikely.

Acute and chronic toxicity: No data reported in the source SDS.

Numerical measures of toxicity: Information not available.

12. ECOLOGICAL INFORMATION

No data reported in the source SDS.

13. DISPOSAL CONSIDERATIONS

Dispose of the product and contaminated materials in accordance with applicable local, provincial and federal regulations.

14. TRANSPORT INFORMATION

No transport data reported in the source SDS.

15. REGULATORY INFORMATION

No specific Canadian regulatory information is provided in the source SDS. The Canadian regulatory classification of the product should be confirmed by the responsible supplier before distribution as an official SDS.

16. OTHER INFORMATION

Date of the most recent revision of the source SDS: 04/2025
